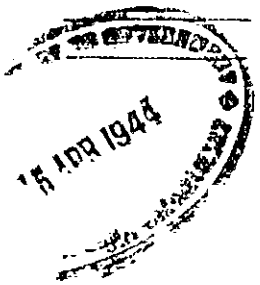
No. 11591-F.C./43-2 Dated: 14th April 1944



Sir,

I Sub:- Education - Fisheries Schools - Malpe and Hejmadikodi - Additional teachers - Employment - Proposal.

The Assistant Director of Fisheries (Coast) reports that in the Fisheries School at Malpe, all the five standards are fairly full and that the employment of a fifth teacher is necessary. The strength of standard I in the Fisheries School at Hejmadikodi was 50 in December 1943 and 20 children more were seeking admission to Standard I.

As per the rules for the recognition of Schools in the Madras Elementary Educational Manual, there shall ordinarily be at least one teacher for every 35 pupils in average attendance. According to this rule, a perusal of the statement of classwar strength and average attendance (copy enclosed will justify the bifurcation of standard I in both the Schools. The District Educational Officer, South Kanara, recommends the appointment of an additional teacher in each of these schools vide copy of his letter L.Dis.3827 dated 27-1-1944 enclosed.

p.3 below

Though the present school year will be over on 30-4-1944 the necessity for the employment of additional teacher will exist in the next year which begins on 1-6-1944. The probable classwar strength of these two schools in the next school year will be as follows:-

Name of School.	Standard I.	Standard II.	Standard III.
Malpe.	45	35	30
Hejmadikodi.	65	55	35

Hence I request that sanction may be accorded to the employment of one Higher Elementary Grade teacher in each of the Fisheries Schools at Malpe and Hejmadikodi, till 31-5-1945 from the date of employment. These posts will however be kept vacant in May 1944 when the Schools close for the mid-summer vacation.

Copy of letter No. L.Dis.3827 dated 27th January 1944 received from the District Educational Officer, South Kanara.

In Malpe and Hejmadikodi fisheries Schools the 1st Standard has to be bifurcated in view of the steady increase of strength. An additional teacher is therefore recommended for employment in each of these schools. An additional teacher to Yermal Fisheries School is not an immediate necessity. It may be deferred for the present.
